

Social Networking for Genealogists by Caron Primas Brennan

January 10, 2012 – Schaumburg Library Genealogists

- ❖ Social Networking is...
 - A collaborative process in which information (comments, photos, news, videos, links) are created and shared
 - Bringing people together who share interests and/or activities
 - Various ways for users to interact, such as chat, messaging, email, video, voice chat, file sharing, blogging, discussion groups...
